ABOUT ME

Compassionate and purpose-driven medical doctor with hands-on experience in both hospital and rural primary care settings.

Committed to advancing equitable healthcare delivery, with a strong interest in global health, primary care leadership, and community-centred medical practice.

Aspires to contribute to sustainable healthcare solutions that address disparities in underserved populations through evidence-based clinical practice and impactful research.

WORK EXPERIENCE

Dore Bafano Primary Hospital

City: Hawassa | **Country:** Ethiopia

[05/2026 – Current] **Director of Quality Improvement**

- Lead the planning, implementation, and monitoring of hospital-wide quality improvement initiatives aimed at enhancing patient safety, clinical outcomes, and service delivery.
- Develop and oversee quality assurance frameworks, performance indicators, and continuous improvement strategies aligned with national healthcare standards.
- Conduct quality audits, root cause analyses, and performance evaluations to identify gaps and implement corrective actions.
- Collaborate with clinical and administrative departments to strengthen healthcare quality, operational efficiency, and patient satisfaction.
- Promote a culture of evidence-based practice, accountability, and continuous professional development across the institution.

[03/2025 – Current] **Medical Doctor**

- Provided comprehensive outpatient and inpatient care, managed emergency cases, performed minor surgical procedures, and led clinical decision-making in a low-resource setting.
- Worked closely with healthcare staff to improve patient outcomes and ensure quality primary care delivery.
- Delivering essential medical care in a rural, underserved community, managing both acute and chronic conditions.

[10/2025 – 05/2026]

Inpatient Department Head

- Supervised daily operations of the inpatient department, ensuring efficient patient flow, quality care delivery, and adherence to clinical standards.
- Coordinated healthcare teams, including physicians, nurses, and support staff, to maintain effective patient management and departmental performance.
